EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Wesley C. Rosander on 02/15/08.

The application has been amended as follows:

Cancel claims 1-6, 9-21, 25-28, 32-33, 38-45.

The following is an examiner's statement of reasons for allowance:

Independent claim 34 when considered as a whole, are allowable over the prior art of record. Prior arts of record do not teach or suggest the steps/means of synchronously binding the behavior component to the element in order to prevent the behavior from being detached there from, promote predictability in the behavior, or reduce the need to add event-handling functions to check to see if the component has been downloaded and initialized wherein upon parsing of the import instruction, suspending one or more other threads, activities, or both until the contents of the element behavior have been downloaded, allowing the element behavior to be available declaratively to bind synchronously to the element wherein prior to processing the element defined by the downloaded element behavior, producing an instance of the element behavior making the specific functionality immediately and declaratively
